Ontario Tax Fairness: HST Petition to the House of Commons

A petition to cancel the Harmonized Sales Tax

Petition to the House of Commons in Parliament assembled

- Whereas our economy is experiencing a shaky recovery from the worst recession since the Great Depression;
- Whereas, families across Canada and Ontario in particular have been hit hard by the recession and are looking for fair and responsible leadership and taxation policy during the recession;
- Whereas, the Government of Canada has offered the Government of Ontario $4.3 billion in federal tax monies as an incentive payment so as to precipitate the harmonization of the Provincial Sales Tax (PST) with the federal Goods and Service Tax (GST) into a new Harmonized Sales Tax (HST) in that province;
- And whereas the new HST will raise the price of many goods and services in Ontario that are not now subject to the provincial sales tax, including gasoline, hydro, home heating, professional services, internet service, snow removal, sports, and funerals by up to 8 percent;

We, the undersigned citizens and residents of Canada call upon all Members of Parliament to support M-462 and to oppose the $4.3 billion incentive payment of federal tax dollars to the Government of Ontario to implement the HST in that province, and to abandon all plans for promoting and enabling sales tax harmonization in Ontario.
